

Funding

Diverse funding sources ensure our independence.

PPF maintains our non-partisanship and independence by funding our operations through multiple sources.

Our primary funding comes from:

Membership fees

Research and convening funding

Events

To ensure our policy research and recommendations are balanced, unbiased and reflect a wide range of views and interests, we strive to work with more than one partner on every project. As an independent and non-partisan think tank with an unrelenting focus on the public interest, we are transparent about our diverse sources of funding and we disclose the sponsors of individual research projects and policy events.

PPF has been a registered charity since 2012 and gratefully accepts donations. Our Canada Revenue Agency filings can be found [here](#). CRA business number: 84443-0009RR0001
